Preface to the Home Education Series. The educational outlook is rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and ...

Avila faves: Transferring from a small community college, interaction between students and professors was a very important factor in the university I picked. Avila professors and advisers often went above and beyond to help. They took the time to answer simple questions or to put me at ease about some of the unknowns that the future holds.
