This post is a continuation of my previous post on Bursting Reports in Business Objects The difference here is that instead of distributing the reports to Business Objects users, we'll be able to dynamically control our user list that we will distribute our reports to externally.

Bursting Reports in Business Objects to Dynamic Recipients

Hi, I follow all this steps.. everything works fine.. but! I add the AD Group, but the group is empty altought in the former systems (synthetically I have two server BO: the former with BI 4.1 SP5 where the AD Group is imported and works and the new with BI 4.2 SP4 where the AD Group hasn't any user inside) everything works fine.

History. Terry Cunningham and the Cunningham Group originated the software in 1991. Crystal Services Inc. marketed the product (originally called "Quik Reports") when they couldn't find a suitable commercial report writer for their accounting software. [citation needed] After producing versions 1.0 through 3.0, Crystal Services was acquired by Seagate Technology in 1994.

SUMMARY: By this notice the Occupational Safety and Health Administration (OSHA) revises the construction industry safety standards which regulate steel erection. The final rule enhances protections provided to workers engaged in steel erection and updates the general provisions that address steel erection.

Occupational Safety and Health Administration

How to Use This Booklet. The Occupational Safety and Health Act of 1970 charges the Occupational Safety and Health Administration (OSHA) with protecting all working men and women across the United States. To do so, the agency sets federal standards 1 for general industry, construction, and shipyard employment. OSHA also promotes a variety of voluntary programs that strive to form partnerships ...
