ACT-R is a cognitive architecture: a theory about how human cognition works. On the exterior, ACT-R looks like a programming language; however, its constructs reflect assumptions about human cognition. These assumptions are based on numerous facts derived from psychology experiments.

ACT-R » About

South African women have a long history of service in the South African Defence Force (SADF) and in the modern South African National Defence Force (SANDF). In World War I and World War II women served in auxiliary roles in the South African Defence Force and were assigned to non-combat active roles after 1970. In 1914 a volunteer nursing service was established by the army and 328 nurses to ...
